Bryan Denies

He Promised Cabinet Positions To Anyone.

HE HAS MADE NO PROMISES.

CHICAGO, Sept. 24.—Col. Bryan came to Chicago from Lincoln, and held a conference with the members of the Democratic National Committee. He returned to Lincoln at night. Among those present at the conference, were Senator Jones, Chairman Johnson, Vice-Chairman Stone, F. D. O'Brien, of Minnesota, J. J. Campbell, of Michigan, B. J. Shively, of Indiana, Congressman Shafroth, of Colorado, Gov. Longino, of Mississippi, and J. Hamilton Lewis, of Washington.

At the end of the conference of the members of the committee, Bryan gave out the following statement in refutation of the report that positions in the Cabinet, should be elected, had been promised:

"I have not given to any one, either verbally or in writing, promise of a cabinet position, and I shall not during the campaign make any such promise. I have not authorized and shall not authorize any one verbally or in writing to promise any cabinet position, or any other position to any one. If I am elected I shall be absolutely free to discharge all the duties of my office according to my platform as far as the platform goes and according to my own judgment in all matters not covered by the platform. I came to Chicago especially to confer with the committee."

"I wanted to talk with the committee now for the reason that I have three days at my disposal. When I am through on October 4, I will have no time for such purpose. As to Hanna's assertions concerning me, I have nothing to say. The public understands the situation. The agitation of the trust question is meeting with success. It is something that appeals to every workman."

I shall follow my original literary notwithstanding all talk about my changing my mind at the behest of the committee."

Bryan, accompanied by Col. J. Hamilton Lewis, of Washington, started for Lincoln in the evening. Vice-Chairman Stone will return to New York at once.

This and That.

There remains but one course open to him (Taylor), and that is to return as soon as he can, walk boldly and bravely into court and meet the indictment like a man. Any other course would be rank injustice not only to himself, but to those of his friends who have been accused of so foul a crime. I do not know whether the indictment has been found against Mr. Taylor, but I have no doubt if it is that he will promptly surrender himself into the hands of the law, and I believe that any intimation to the contrary does him injustice."—E. G. Bradley, April 22.

"Once for all, I desire to say, neither directly nor indirectly had I any connection with the assassination of Senator Goebel. I am a citizen of this State, amenable to its laws; I am not a criminal, nor shall I ever be a fugitive from justice. Whenever indicted, if such an outrage should be committed, I shall appear for trial, conscious of my innocence and of the ultimate triumph of right and justice."—W. S. Taylor, April 7.

During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay, Clay Co., W. Va., struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whiskey in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Balm. This brought about a complete cure in a week's time and he believes had he not used this remedy his leg would have had to be amputated. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by M. Craven, Ky.

Palmer Is Dead.

Nominee of Gold Democrats For President.

HE WAS BORN IN KENTUCKY.

SPRINGFIELD, ILL., Sept. 25.—Gen. John M. Palmer, former United States Senator from Illinois, died at his residence in this city at 8 a. m.

His death was caused by heart failure. He was an honorary pallbearer at Gen. McClelland's funeral last Saturday. Last night Gen. Palmer was on the street viewing the State Fair illuminations until a late hour, apparently well. He was about 83 years old.

Gen. Palmer complained early yesterday of a pain in his chest. He slept uneasily last night and about 3 o'clock Mrs. Palmer called a physician, who did not think the General's condition alarming. The General awoke about 7 o'clock this morning still complaining. He talked to his wife for a short time, then fell into a doze and expired soon after.

SKETCH OF HIS LIFE.

John McCauley Palmer was born in Eagle Creek, Scott county, Ky., September 13, 1817. He removed to Illinois in 1832, and in 1839 settled in Carlinville. He was admitted to the bar in 1840; was a delegate to the State Constitutional Convention in 1847, a member of the State Senate in 1854, a delegate to the National Republican Convention at Philadelphia in 1856, presidential elector on Republican ticket in 1860, delegate to Peace Convention at Washington, February 4, 1861; he became Colonel of the Fourth Illinois volunteers in April, 1861. He participated in several campaigns, and for bravery at Stone River was promoted to Major General of volunteers in November, 1862. He participated in the battle of Chickamauga, and led the Fourteenth corps in the Atlanta campaign. He was Governor of Illinois from 1880 to 1873. He later served in the United States Senate as a Democrat. In 1896 he was the candidate of the Gold Democrats for President.

Signs of Victory.

Four years ago forty-eight more electoral votes would have elected Bryan. To be elected now he must get that many votes in addition those he had in 1896, and if he loses any of his former votes he must get enough in addition to make up for the loss.

In 1896 several states on each side were very evenly divided. A slight drift would have sent them over the line. Everything depends now, therefore, on the direction of the drift. A small majority in a state is safe if the drift is in the direction of making it secure.

The Vermont election indicates that the drift there is toward Bryan. The Democrats are indubitably stronger in Vermont now than they were four years ago. What light does that throw on the possibilities in other states?

The Republican vote in Vermont has fallen off about 10 per cent as compared with the corresponding election in 1896, while the Democratic vote has increased about 16 per cent.

Indiana has 15 electoral votes. In 1896 the Republican vote there was 32,754, and the Democratic 36,573. If the Republican vote now 30 per cent and the Democratic gain 30 per cent of the Republican vote in Indiana this year will be 29,370 and the Democratic 34,573, leaving a Democratic plurality of 63,083.

A similar process would give the Democrats 44 votes by 44 West Virginia by 13,822, Kentucky by 66,028, Ohio by 20,601, and North Dakota by 283.

Old Grudge

Leads to the Killing of J. L. Whitlock on a Train.

J. W. STRANGE SHOT IN LEG.

LEBANON, Ky., Sept. 25.—When the south-bound passenger train No. 25 reached here last night from Louisville at 11 o'clock it was boarded by several people, among whom was J. L. Whitlock, of Rollings, who had come down to Lebanon Monday morning on business, and was just starting home. Already on the train was W. F. Penn, also of Rollings, who was returning home from Louisville. The train had not got outside of the city limits when Penn, seeing Whitlock, drew a revolver, and, starting toward Whitlock, told the passengers to get out of his way.

Penn fired about four shots at Whitlock, three taking effect, and killing him instantly. One of the shots struck Brakenham J. W. Strange in the leg, inflicting an ugly wound. The train was backed to the depot, Whitlock's remains were removed to an undertaking establishment, and Strange was taken to the hospital here.

Penn gave himself up to the authorities and is now in jail. Whitlock was in the lumber business at Rollings. Penn is also a lumberman. The shooting was the result of a quarrel between the two men about a year ago, when Whitlock shot and seriously wounded Penn.

His Reasons for Supporting Bryan.

A distinguished citizen of New Hampshire, Hon. Thomas Wentworth Higginson, gives five good reasons for supporting future President William Jennings Bryan, as follows:

1. Because he has proved himself to be, whatever his faults, a natural leader of men, as a president should be. Mr. McKinley, on the other hand, has shown himself to be one of the men naturally led by others, and has proven himself capable of abandoning ground explicitly and publicly taken, when called upon to abandon it by the stronger men around him. In other words, Mr. Bryan will at least be captain of his own ship and Mr. McKinley will not.

2. Because Mr. Bryan is the only presidential candidate who has explicitly based his canvass on the ground that considerations of principle are above considerations of finance; and that his own words, "financial system can be battered with less danger and less disturbance to the country than the vital doctrines upon which free government rests." Speech at Topeka, Kan. Aug. 23rd, 1900.

3. Because he is the only one who has expressly reaffirmed (as in his Topeka speech) the principle which made Lincoln immortal, that to apply the doctrine of equal rights only to superior classes or races is "the vanguard of returning despotism," and is a move, and must be made "or it will subjugate us."

4. Because he has had the wisdom to see that every presidential campaign must turn on some one vital principle and that just now that principle is to be found in imperialism. By imperialism is meant the acquisition of territory with a view to making it subject and tributary, not with a view to making it a self-governing and by component part of the American union. That such empire is now the recognized aim of the present administration is at length officially recognized in the recent circular of the United States military government in the Philippines. (April 30, 1900) which writes to American school superintendents for aid and advice "in the civilization of this new part of our empire."

5. Because he is the only one who distinctly recognizes that the practice of such imperialism is the doctrine, in other words, that we have a right to plant our flag wherever we please, and that once planted it must never be lowered or withdrawn—applies just as logically to Cuba or China as to the Philippines, and as likely to be applied there; and that this process, unchecked, can only end in vast armies, ever-increasing pension lists, higher and higher taxes, ending at last in an oligarchy of the few ruling and oppressing the republic of Jefferson and Lincoln. Every vote for Mr. Bryan is a vote to avert this end.

Funny Mark

Croker Says That His Talk Is Very Ridiculous.

HE WOULD NOT ACCEPT.

NEW YORK, Sept. 24.—Mark Hanna had a conference with four millionaires, Stephen Elkins, Franklin Murphy (N. J.), Thomas Dolan and Cornelius Bliss, to-day, on the coal strike situation.

A tall man from Pennsylvania joined the conference. They refused to discuss how they proposed to change matters because it would defeat the objects of the party.

When told that Croker wanted to meet him in a joint debate, Hanna laughingly replied:

"I am afraid Mr. Croker would be too much for me."

A reporter asked Croker if he had seen that newspaper report in which Hanna said Croker was to be in the Cabinet in case of Bryan's election.

"Yes, that is another one of Hanna's nightmares," answered Croker. I am not responsible for funny things floating through that man's brain.

"He made that statement the same as he has made many others to injure the Democratic ticket. But it won't."

"I would not accept a position under the Cabinet in case of Bryan's election."

"I don't want a Cabinet position and I don't know who is going to be in Bryan's Cabinet."

Twelve Thousand Died at Galveston.

Truth is not coming out of Galveston these days, according to Graham Rice, who has been banished from the stricken island and who was in Cincinnati Friday afternoon, on his way to New York to report to the paper he was serving at the ruined city.

Mr. Rice was the first outside newspaper correspondent to reach Galveston. He went there from New Orleans, and reached the storm-swept town on Monday at midnight, following the disaster. He remained until Tuesday morning, when he was made his escape after his pass had been taken up by Captain McCaleb and instructions had been issued to the military to press him in the wrecking corps, which is undertaking the herculean task of removing and burning debris and bodies.

"My offense lay in sending out the truth concerning Galveston," said Mr. Rice to a Commercial Tribune man. "When I first reached there I sent out an estimate of 5,000 killed. The authorities limited the dead to 1,000 then. Since that time they have gradually advanced the number, until now Governor Sayers admits 12,000 dead. I believe that 18,000 would be nearer correct. When I came away we were going through dead bodies on a tug all the way to Buffalo Bayou, twenty-five miles distant."

"The stench of the city is frightful. Clara Barton told me that she recognized it—the battle field smell—while she was on a Southern Pacific train fifteen miles outside of Houston. I see by the papers this morning that she has succumbed. Before I left there were many cases of what the doctors called malarial fever, and a scourge of yellow fever is feared."

"When my pass was taken up I was in danger of being shot, but I managed to view the city through the lines, and by the aid of Captain Rafferty, U. S. A., left the island on a tug. The objection to me was that in my dispatches I expressed the opinion that Galveston is irretrievably lost. People with no personal interests are making every effort to leave the island. Men who will be named unless the city is rebuilt are trying to ally the panic and keep people there."

"There are property interests in Galveston of \$40,000,000. If the island is deserted nine-tenths of this will be lost. The property owners and business men are anxious, naturally, that the city shall survive, at least temporarily, in order that they may remove as much from the ruin as possible. They are inflamed against anybody that will say that they will prevent them in their aims. Their attitude to me is the same which they practiced towards the United States army officials."

Immense Flood.

Sweeps San Saba, Texas—Great Loss of Life Feared.

WARNING NOTICE SENT OUT.

AUSTIN, TEX., Sept. 24.—A telephone message received here last night by the chief of police from Liane says that San Saba, forty miles north of that place, containing about 1,000 people, was partially swept away by a flood on the San Saba river, which is still rising. All bridges have been carried off. No news could be had from the San Saba people tonight, the wires all being down.

It's feared that there has been a great loss of life in the bottom, as the rise was at night and came without warning. The Colorado river, here, last night was rising rapidly. The people of the lowlands prepared to move out, having been warned by the police.

Gov. Sayers wired to-night to all points South of here warning notices that the most terrific flood in the history of the Colorado river, which flows by this city, is now surging down through the mountain gorges to the northwest of here and might be expected at this place by midnight.

A Horrible Death.

John Conner, a brick-mender from Bowling Green, was burned to death near Edmonson last Wednesday night. Conner was engaged in burning a brick-kiln at Edmonson for Mr. A. J. Hamilton and slept alone in a little cabin on the yard. He was seen in Edmonson on the evening of the unfortunate occurrence very much under the influence of liquor. The supposition is that on reaching the cabin that he had laid down on his bed of straw with a lighted pipe in his mouth and that he fell off to sleep and the fire from the pipe ignited the bedding. The cabin was in a solid sheet of flames when first discovered, and by the time assistance reached it was entirely gone. Those attracted to the yard by the burning were horrified and sickened to see the charred body of Conner, who had perished in the flames. The body was near the door and indicated that he evidently had attempted to escape, but in his stupid condition was unable to get out. Conner was a married man and lived in Bowling Green—Glasgow Times.

Seriously Shot.

Dud Pedigo was shot and seriously wounded by John Combs, who was serving as a special policeman, about dark last Friday evening. The shooting occurred near the corner of Main and Green streets, Combs claims that Pedigo was drinking and boisterous, and that he requested him to be quiet, but, instead of obeying his request, he soon became more turbulent than ever. He approached him the second time and told him that unless he quieted down and behaved himself that he would be compelled to "put him up." This seemed to infuriate Pedigo, who sprang upon Combs and began choking him, when the latter drew his pistol and fired at Pedigo three times in rapid succession. Two of the balls took effect, one in the right side in the region of the heart and the other just below the groin on the same side. The wounded man fell, and at his request was conveyed to the residence of Mr. F. C. Carter, where his wounds were dressed. It was at first thought that he was mortally wounded, but he afterwards rallied and is now in a fair way to recover.

In justice to Pedigo, it is fair to state that he claims he thought Combs was only jollying him and that he was merely in play when he grappled with him. Both men are about the same age and unmarried, and had long been personal friends and on the best of terms.

Combs surrendered to Sheriff Barlow immediately after the shooting and was afterwards released on a bond of \$400. His examining trial is set for Thursday—Glasgow Times.

The Republicans of the Twenty-seventh judicial district nominated James H. Tinsley, of Barbourville, for Circuit Judge.

DEMOCRATIC TICKET.

For President—
WILLIAM J. BRYAN,
Of Nebraska.

For Vice President—
ADLAI E. STEVENSON,
Of Illinois.

For Governor—
J. C. W. BECKHAM,
Of Nelson.

For Congress—
BEN V. SMITH,
Of Pulaski.

The Republicans are assessing the postmaster at the rate of \$11 each.

Every Democrat in Adair county should work from now until the election.

Gov. Beckham will be married to Miss Jean Fugus, of Owensboro, November 21.

Come and come a running on Thursday October 4. Hon. Geo. E. Stone will speak.

When the new election bill becomes a law fifty thousand copies will be printed for distribution over the State.

Democratic Clubs from various States will meet at Indianapolis to-day. Over fifty thousand Democrats will be present.

The Election Bill has passed the House. It is believed it will go through the Senate and become a law in the next few days.

News has just been received stating that eight soldiers of the 25th regiment, who enlisted at Hustonville, Kentucky, were killed in the Philippines.

A motion for a new trial in the Howard case was overruled by Judge Cantrill last Saturday, and he sentenced Howard to be hanged Friday, December 7.

Coercion is being practiced in Illinois to force voters to support McKinley. Steel plant closes in Chicago until after the election. Other plants will shut down.

The Republican Convention in the 27th Judicial district nominated Hon. J. H. Tinsley, of Barbourville, for Circuit Judge. Some years ago he filled the same position and was regarded as an excellent officer.

If you want to hear a logical speech, a Democratic speech, made by a Democratic speaker, come and hear Hon. Geo. E. Stone next Thursday, the 4th day of October. The court-house should be crowded.

The grounds for a new trial in the Howard case is that four of the jurors stated publicly before going on the jury that all the conspirators ought to hang. The jurors make affidavits that they made no such statement.

The Democrats of Illinois are jubilant over the prospects of carrying the State for Bryan. The vote of the railroad men is lost to the Republicans, and a Democratic majority of twenty-five thousand is confidently expected. Robt. E. Burke, Secretary of the local management, promises to carry Chicago and a Cook county by forty thousand majority. It is said that the Republicans can not get over fifteen thousand majority in the remainder of the State.

The Democrats of Adair county should be on the alert. We were informed last Monday that Republicans were operating in remote sections, telling voters, who are unable to reach the speakings, all manner of stories. They picture to them that the Democratic party is trying to ruin the country, and that it would be suicidal to elect either Beckham or Bryan electors. There is work in Adair county that needs to be done. If the party wants to reduce the Republican majority men must be put in the field.

James B. Howard of Clay county, charged with firing the shot that killed Governor Coolidge, is to hang. The jury returned a verdict last Wednesday morning at 9:30 giving him the death penalty. The jury was in session three and a half hours, and for a while it was believed that a verdict would not be reached. After the result was made known it was learned that two Goodell Democrats favored at the start a life sentence. The case will be appealed, and in the meantime Howard will remain in the Frankfort jail.

Here is the main feature in the new election law: The State Board is to consist of one Democrat and one Republican, appointed by the Governor on recommendation of the State Committee of the two parties, with the Clerk of the Court of Appeals umpire. Each County Board shall consist of three members, all appointed by the State Board, but two of whom must be recommended respectively by the Democratic and Republican County Executive Committees. It is believed that this bill will pass both Houses and become a law.

Ex-Senator Gorman, whose political judgment is conceded to be as good as that of any man in the country, was in Washington last week, and said of the outlook: "There is a drift—a very decided drift—in favor of the Democrats which justifies the hope that Bryan will be elected. Political conditions seem much as they were in 1892. The men who are managing for the Democrats in New York say that they are going to carry the State. They are sincerely confident. They believe they are going to succeed. The Democratic managers generally feel confidence in the general situation and believe that Mr. Bryan is going to be elected. The drift is strongly in that direction."

Hon. J. M. Wood, of Campbellsville, spoke to a crowd of over three hundred voters at the court house last Monday. He held the crowd from start to finish, making one of the best Democratic speeches delivered in Columbia since the campaign opened. He first took up the national issue and showed conclusively that McKinley was all wrong in the administration of his foreign policy. He compared McKinley and Bryan, convincing his hearers that the former was a man of his ilk, while the latter was a wise and patriotic citizen, controlled by no man. About one-half of his speech was devoted to State issues, and what he said concerning Yerkes, Taylor, etc., was plenty. The whole of his speech was well received, and accomplished much good.

It is less than one month until the election, and it behooves the Democrats of Adair county to be up and doing. Every man who is interested in the success of his party should work diligently from now until the polls close the 6th day of next month. The county is conceded to the Republicans, but Taylor's vote can be considerably cut down if there is a united effort upon the part of those who oppose Government by assassination. True, there are no local offices to fill at this election, but next year, candidates will be before the people for every local position, excepting that of circuit court clerk. If the Democrats lie dormant now, when the party needs every vote that can be gotten out, the ticket will be weakened for the next contest. Go to work, work in earnest, and you will see that the Republican majority in Adair county will be materially cut down. It is true that some gentleman who have heretofore been identified with the Democratic party, are no longer with us. Their leaving was of their own choosing, and no man should question the right of another to vote as his conscience dictates. If they like McKinleyism and Taylorism better than the principles enunciated by Jefferson and Jackson, and advocated by the Democratic party to-day, they have a perfect right to express that opinion at the polls. The Democratic party did not tell them to leave, and doubtless regrets that they are "looking through a glass darkly." There are not many of them, and their places can be and will be filled. There is not a doubt but the most important fight since this country became a Republic is now on, but if the Democrats will do their duty W. J. Bryan will be the next President of the United States and J. C. W. Beckham Governor of Kentucky. All together, boys; get in your saddles and ride your ponies until "the last day in the evening."

Politically speaking there is but little enthusiasm in the Eleventh Congressional district, but elsewhere over the State the Democrats are alive, working day and night to bring out a full vote. There is a marked difference in the size of the crowds attending the speakings of the two leading candidates for Governor. At Mr. Beckham's appointments from 8,000 to 8,000 people gather to hear him tell of the outrages perpetrated at Frankfort last winter, while Mr. Yerkes' crowd at any single appointment has never reached over 3,000 and his assembled hearers are frequently estimated at from 800 to 1000. At State Democratic headquarters the managers are confident that Mr. Beckham will be elected, but their confidence in his success will not lessen their zeal to make his majority as large as possible. There fore, every effort should be put forth to cut down the Republican majority in the Eleventh district. Able speakers should be sent into the territory, putting life into the Democrats. A united effort would reduce the Republican strength 2,000 votes. Taylor carried the district by little the rise of 16,000 votes. Give Yerkes the same majority in the Eleventh, and say he should get 8000 in the Fifth, the First and Second districts would offset the Eleventh and Fifth, and with his majorities in the Fourth, Seventh, Eighth, Mr. Beckham wins. He will carry the Seventh largely and will get small majorities in the Third, Eighth, Ninth and Tenth. At this time we can not see any reason for uneasiness upon the part of Democrats, yet confidence should not lead the party to slacken zeal. Work every day to swell the majority to its highest notch.

Capt. J. R. Hindman, who represented Adair county in the Kentucky Legislature as a Democrat, served the State as Lieutenant Governor, elected by the Democrats; nominated for and made the race for Congress in the Eleventh district as a Democrat; and made the race for Clerk of the Court of Appeals as a Gold Democrat, is now identified with the Republican party and spoke for McKinley and Yerkes at Tompkinsville Monday. It is said that Governor Hindman was a Greenbacker when such a party was spoken of, but the Governor denies that charge. He is a man that every body respects for his integrity, but it is very difficult to please him politically.

VAUGHAN & GRAHAM, Pro.

A new election law and an early adjournment is in sight.

The Moody-Trumble test case to decide which one of the two was the nominee of the Democratic party for Congress in the Seventh district, was decided, last week, by Judge Cantrill in favor of Trumble. The case will go to the Court of Appeals and it will be advanced for an early settlement.

Speaking of Mr. Newbold's death the Birmingham correspondent to the Courier-Journal says: Mr. Newbold came to Birmingham from Kentucky where he owned a large stock farm, and which he continued to operate up to the time of his death. He was interested in other enterprises, and was generally supposed to be well fixed financially, although it is stated that his business affairs are in a bad shape.

Mr. Newbold was a man of great executive ability, and was universally beloved by every employee of the road on his division. He was fifty years old, and the only surviving relative is his son, R. M. Newbold, a prominent contractor. It is reported that Mr. Newbold was engaged to be married, but this can not be confirmed. The remains were taken to Louisville and buried by the side of his wife.

A Thousand Tongues
Could not express the rapture of Annie E. Springer, of Philadelphia, when Dr. King's New Discovery cured her of a hacking cough that for many years had made life a burden. She says: "After all other remedies and doctors failed it soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember finding before." I feel like sounding its praises throughout the "Universe." Dr. King's New Discovery is guaranteed to cure all troubles of the Throat, Chest or Lungs. Price 50c and 61. Trial bottles free at T. E. Paul's drug store.

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Hall's Family Pills are the best.

Mr. Porter Fletcher, requests us to state that one of the jurors in his case informed him that the jury stood six for conviction and six for acquittal. The News stated last week upon its information that the jury stood nine for conviction and three for acquittal.

A very large crowd attended the fifth Sunday meeting, of September at Big Creek church below Gradyville. It is said that not less than one thousand people were on the grounds. Rev. E. W. Barrett preached the forenoon and there were one or two discourses in the afternoon.

Mr. M. Newbold, whose death is mentioned elsewhere in this paper, shot himself. Mrs. Barbara Zook, who is closely related to the deceased and who was living on his farm in this county, was conveyed to Birmingham from Campbellville by a special train furnished by the Louisville & Nashville R. R. Co.

At the Methodist Conference, held at Elizabethtown, last week charges of drunkenness were preferred against Rev. E. P. Crow and he withdrew from the church. Rev. L. M. Russell, at the same time, also withdrew from the church, charges being against him for writing love letters to another man's wife.

Messrs. Anderson and John Holliday, two of Adair county's thrifty mule traders, left for Lincoln county last Saturday, and on yesterday shipped two car-loads of mules to Edison, Ga. The mules were purchased in Lincoln county.

Mr. G. C. Smith, of Casey county, has a curiosity in the way of a pig. It has two distinct bodies and only one head. Mr. Smith hopes to place it in a museum, realizing a good sum of money.

Rev. L. S. Scott, who has been the pastor of the colored Methodist church, near Columbia, was transferred by Conference to Lebanon. He is supposed to be working here by Rev. J. W. Word.

Tobias Huffaker will open school at Esto, Ky., on the 1st Monday in Jan. 1901. Tuition from \$1.00 to \$2.50 per month. Board from \$1.00 to \$2.00 per week. Special advantages to young teachers.

Miss Little Eubank went with a very painful accident last Monday morning. She was opening a jar of fruit when the vessel broke, cutting her hand very severely. A doctor was called and dressed the wound.

Ed. Lawrence Williams preached to a very large assembly at Pleasant Hill last Sunday. It was an excellent sermon. Dinner was spread upon the ground, and in the afternoon there was an interesting singing.

There are now seventy pupils enrolled in the M. & P. High School, sixty-five in regular attendance. At the present rate of increase Prof. Ballard hopes to have one hundred pupils or more by the first of January.

Mr. Geo. Lee is now the sole proprietor of the Columbia and Campville stage line, having purchased Mr. Henry Fulk's interest for the sum of \$200. Mr. Lee has the line well-stocked and his driver is careful and reliable.

We will commence receiving another daily mail at Columbia next Monday. Mr. J. B. Barbee, of this city, who is the contractor, was to Louisville last week and purchased a handsome wagonette for carrying the mail and passengers. The vehicle will seat six persons.

MARRIAGE LICENSE.

The following marriage licenses were issued from the Adair County Clerk's office during the month of September: Wm. Holt to Miss Martha M. Rainwater.

Isaac C. Franklin to Martha E. Richards.

T. S. Scott to Mrs. Una C. White.

Jasper Doss to Miss Mattie L. Jones.

Frank Sinclair to Miss Lula Conover.

W. W. Cornwell to Miss Ida L. Sapp.

Delmore Cravens to Miss Emma M. Scott.

Wm. F. Hudson to Mrs. Melvina Hudson.

Robt. Coffey to Miss Laura Wilson.

Jas. W. Collins to Miss Eva Clinch.

Virgil H. Blair to Miss Ida L. Sapp.

A drunken row at Ripstone Springs, Russell county, resulted in the death of Mrs. Jim Lawless. We gather the following particulars from Rev. W. H. Cave: "Old Field" Jim Lawless, who is a merchant at that place, and a young man named Blair, who was also from Ripstone, got into trouble. Blair was being removed from his accustomed place by his wife and she refused to let him go. It was, however, in the end, meeting Blair, a fight ensued. Mrs. Lawless started hurriedly to separate the combatants, but before reaching them she fell dead. Her remains were carried into her husband's house. By this time Lawless had secured a gun and dismissed every body from the premises. Sunday afternoon Lawless was still drunk and no preparations had been made for the burial. A little liquor, a dead woman and two miserable men.

The Louisville Conference assigned preachers who are known here as follows: Columbus, W. P. Gordon, Gradyville, T. L. Hulse, Glasgow, J. D. Frazer, Irvington, A. L. Moll, Stephensport, S. L. C. P. Ward, Hopkinton, Rev. Rushing, Rome, S. J. Thompson, Lewisburg, J. L. Kilgore.

The grand jury during its recent session examined the jail and made a written report, signed by every member of the body, that it was well kept and in a healthy condition. The report is on file in the Clerk's office. Adair county is a healthy county, and with Samuel H. Mitchell, nor a man kinder to the prisoners in his charge. They are abundantly fed, and no man has ever left the prison without paying him for his kind treatment.

All the darkies, charged with stealing corn from Mr. Anderson Holliday, were tried last week and given sentences in the penitentiary. Brown Epperson and Charlie Bradshaw all served five years. The Wilsons, who is said to be a boy in years, was given three years, but he goes to the House of Correction. Jay Buck Williams, of color, was tried for malicious cutting, got three years, and John Smith, a white man, will serve one year for shooting Abijah Humphrey. Messrs. Jerome and L. C. Hurt, deputy sheriffs, left with the prisoners Monday morning.

The grand jury during its session last week returned seventy-three indictments, classified as follows: House breaking, 4; seduction, 1; malicious shooting, 2; malicious cutting, 1; false pretense, 1; false swearing, 1; failing to kill endangered horse, 1; trading glassed horse, 1; assault and battery, 1; breach of the peace, 16; disturbing worship, 5; working on Sunday, 1; concealed weapons, 9; reckless use of weapons, 3; selling liquor, 16; pangs; 2; trespass, 2; adultery, 1; injury to school-house, 1; petty larceny, 1; carrying away property, 1.

A few nights ago Mr. Mack Logan, a traveling salesman, was returning to Campbellville from Columbia, a serious accident, resulting in the death of his horse, occurred near Campbellville. The night was very dark, and Mr. J. W. Sublett, a merchant at Cane Valley was on the pike driving rapidly in the direction of his home. There was a collision, one of the shafts of Mr. Sublett's buggy, entering the breast of Mr. Logan's horse with the result as above stated. Neither of the men were hurt, but both were badly frightened.

Rev. G. W. Perryman, of Middleboro, who was born and reared near Montpelier, this county, and who is well-known in Columbia, delivered his religious lecture, "A Life of Jesus," at the court-house last Thursday evening. Judge Jas. Garrett, in a few well-chosen words, presented the speaker to the audience, who occupied one hour and twenty minutes in delivering the most entertaining and practical lectures Columbia has had the pleasure of listening to for many years. Mr. Perryman is a cultured gentleman and speaks with great force. His theme was the operation of electricity, its great power and rapidity, showing conclusively that man could be more successful in this world if he would add more steam to his motive power. The lecture was given from a text in the Bible, and the ideas advanced were simple, they were new, requiring much thought and study to get them together. In speaking Mr. Perryman made a tribute to Columbia and her citizens which was widely appreciated.

JESSAMINE COUNTY.

NICHOLASVILLE, Ky., Sept. 21.
Editor of the News:

I was born in Russell county, Ky., in 1860, and although I left that section a number of years ago, I remember with pleasure many of the people of this locality and also of Adair county.

Adair county was named in honor of John Adair, a native of South Carolina, being born in 1757. He was a descendant of the persecuted French Protestants who came over from France in 1606, up to 1712, and to the year that Louis XIV died, which was in 1715.

Gen. Adair was a soldier in the American Revolution. He was not more than sixteen years old when he engaged in the siege of Charleston, and the battles of Enlow Springs, Monk's, Corner, and was present at the attack made on Savannah in 1779, when the brave Sergeant, Joseph, lost his valuable life, and where Capt. Moses Shelby, younger brother of Gov. Shelby, was severely wounded in the hip which wound crippled him for life.

In 1820 John Adair was elected Governor of Kentucky in opposition to Judge Logan, Joseph DeSha and Col. Butler. In all situations, military and civil, to which he was elevated by his countrymen, he was an honest, upright man, who commanded the respect and confidence of his fellow-citizens.

In regard to the political situation in the blue-grass, I will close this note by stating that I have been in this portion of the State, more or less, for two years. I have mixed and mingled with all parties—Populists, Gospel Democrats, Brown men and Republicans—and nearly all the leading men who belong to the parties I have mentioned favor a fair election law. The people in many portions of the upper counties favor Senator Alexander's bill, which is a clean and complete revision of the present law. His bill takes the law it existed prior to the Goebel bill, and seeks to carefully revise and correct all defects.

I think that Jessamine county will go for Mr. Beckham by a small majority. Yerkes has many friends and will get a good vote.

No excitement as yet, but I look for it next month. I will close by saying that I sincerely hope that old Russell and Adair will hold their own in the coming campaign.

GEO. R. HOIR.

John D. White vs. Yerkes.

Ex-Congressman John D. White, who until recently has been regarded as a strong pillar in the Republican party, thus pays his respects to Mr. Yerkes, Republican nominee for Governor:

"Yerkes is another kid glove office holder who may permit a negro to come to his house by the back door, and yet Yerkes poses as a clean, sober gentleman. But it was he, I believe, who said of his father, who was eloquent in prayer, that he could dive deeper, stay under longer and come up drier than any other advocate in prayer in Danville, Ky. And it was he that prostituted his Federal office of Collector of Internal Revenue in 1895 and 1899 in sending his subordinates as political workers into Southeastern Kentucky, in violation of the Constitution of Kentucky and civil service laws of the United States. And yet he clings to that fat office and asks the people to vote for him in behalf of civil liberty. I oppose him and I oppose the McKinley, who lets him and others do those same things in violation of the Republican platform of 1896 on which I stood, and in the principles wherein enunciated I still believe."

Why experiment on yourself with remedies of doubtful utility when you can get Chamberlain's Cough Remedy, which has stood the test of time? Twenty-five years' sale and use have proven that remedy to be a prompt and certain cure for colds. It will cure a cold in a day if taken as soon as the cold has been contracted and before it has settled in the system. Sold by M. Cravens.

At the Democratic primary election held on Saturday week D. Lann Gough was nominated for Congress in the Sixth district, over Rhinock and Berry.

Upon Which Side?

The flour trust has put up the price of flour.

The sugar-trust has raised the price of sugar from five to seven cents.

The standard oil trust has advanced the price of oil from 12 to 15 cents.

The beef trust has raised the price of the poorest grade of beef from twelve to fifteen cents.

The wool trust has advanced the price of its products twenty-five per cent.

The cracker trust has raised prices fifty per cent.

The shoe and leather trusts have put up its goods thirty per cent.

The broom trust, the hardware trust, the stove trust—in fact all trusts—have made important advances in prices of their products in the last few months.

Senator Mark Hanna, who is chairman of the republican national campaign committee and the mouthpiece for the republican party, in a published speech boldly asserts that "there are no such things as trusts."

Hon. W. J. Bryan, democratic presidential nominee, declares that "the fact that trusts support the republican party ought to be sufficient proof that they expect protection from it. The republican party cannot be relied upon to extinguish the trusts so long as it draws its campaign contributions from their overflowing banks."

Upon which side are the public interests? Upon which side are individual interests? Upon which side are your interests?

What Will Bryan Do?

Of the subordinate issues Mr. Bryan gives trusts and monopolies the first place, and well says that—

The appalling growth of combinations in restraint of trade during the present Administration proves conclusively that the Republican party lacks either the desire or the ability to deal with the question effectively.

He repeats his suggestions as to specific remedies, but this pledge goes directly to the point:

If elected I shall appoint an Attorney General who will, without fear or favor, enforce existing laws.

This is what the country needs more than new laws—and what it has never had under any Administration, Democratic or Republican, and this is the strongest point in Mr. Bryan's favor. No-body questions that he would appoint such an Attorney General, and sustain him with all the great power of the Executive office. Nor does anybody doubt that if President McKinley should be re-elected we shall have the same or another corporation lawyer and trust promoter as Attorney General—New York World.

Gov. Campbell's Say.

Ex-Gov. Campbell, of Ohio, who was prominent in the opposition to Bryan in 1896, says the Democrats are making gains every day. "The man who predicts the result of the election," he said "discounts the possibility of unexpected things happening within the time between now and the election. The Democrats are now making steady gains. They are gaining strength every day in New York, in Ohio, in Indiana, in fact, all over the country."

"If the election occurred to-day the Democratic vote would be larger than yesterday. Thus far, I think, there has been no day when we were not stronger than the day before. Such a condition surely promises well for success."

"To what extent," he was asked, "are the Gold Democrats going to support Bryan?"

"A very large majority of them are going to support the ticket," was the answer.

On the 10th of December, 1897, Rev. S. A. Donahoe, pastor M. E. Church, South, Pl. Pleasant, Va., contracted a severe cold which was attended from the beginning by violent coughing. He says: "After resorting to a number of so-called 'specifics,' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommend it to the public. For sale by M. Cravens."

The Fall of Babylon.

"Now, children," said the Sunday-school teacher, which of you can tell me why Babylon fell?" There was a long silence. The little ones bent over and looked at one another and drew long breaths, but none of them said anything.

"Come, come," the teacher exclaimed at length. "I'm surprised! I'm sure there isn't a little boy or girl in this class who can tell why Babylon fell? Isn't there any one of you who can think of any reason why Babylon should have fallen?"

Then a boy with large brown freckles on the bridge of his nose and a thumb with a blackened nail, put up his hand.

"Ah," the sweet faced teacher said, "I thought some of you must know, if you only stopped to think. What was it, Percy?"

"Mebby he stepped on a banana peel," Percy suggested.—Chicago Herald.

Stir up a Mess.

"Tallow Dick" Combs, who became famous for being indicted as an accessory to the murder of Gov. William Goebel, has again started trouble, but has selected the city of Winchester as the scene of operation.

The trouble was started Monday morning when "Tallow Dick" engaged to work for P. C. Jett, a well-known saloon keeper of Winchester. Jett owns and operates four saloons in that city and had eight men in his employ as barkeepers.

An unusually large crowd was in town on that day. Monday was Court day; Circuit Court was in session and it was also the day on which delegates were selected for this appellate district convention. The city was, as stated above, unusually crowded and "Tallow Dick" was employed by Jett as barkeeper. As soon as he went to work every other bartender in Jett's employ resigned his place and quit work. They remained firm in their refusal to work as long as Combs was retained.

Jett has continued up to this time to keep Combs, and is said to have employed experienced bartenders in the place of those who refused to work.

The matter has caused quite a stir in Winchester, and Jett is said to have been threatened with boycott if he persists in retaining Combs.

The men claim that they will remain firm in their refusal to work so long as Combs remains and Jett asserts that Combs will stay. It is not known what will be done in the matter, and no amicable settlement seems to be in sight.—Lex. Morning Democrat.

People who are charging Mr. Bryan with wishing to reverse his position on the peace treaty should remember that, along with the adoption of the treaty, he recommended the passage of a resolution declaring that the United States meant ultimately, to give freedom to the Philippines, and that such a resolution was defeated in the Senate only by the casting vote of the Vice-President.

Dr. Miles' Nervine

Recommended With Pleasure.

"The Best Remedy in Existence."

RELIEF from the agonizing suffering caused by nervousness, indigestion, heartburn, and that miserable feeling of unrest, is so gratifying that there is no wonder it is a pleasure to recommend the remedy to the world. Dr. Miles' Restorative Remedies are scientific remedies, prepared from Dr. Miles' prescriptions each "remedy for its own particular purpose," and so assimilated that two or more may be taken with benefit when indicated. Remedies so prepared under the supervision of so famous a physician as Dr. Miles may be safely recommended to one's friends with the assurance they will be benefited.

Mrs. Clinton Randall of Elliptical, N. Y., says of Dr. Miles' Nervine: "I had suffered for two years from extreme nervousness and sleeplessness. With a very poor appetite and miserable general health, it was impossible to get a good night's rest and the days passed in weariness and unrest. My limbs and arms would twitch and jerk and I seemed to be losing control of both body and mind. I tried a great many prescriptions and remedies without relief until I began taking Dr. Miles' Restorative Nervine. It made me another person entirely; my appetite is good, I sleep as soundly as any one, and I believe it the best remedy in existence. Its effect on the nervous system is marvellous and lasting. With pleasure I recommend Dr. Miles' Restorative Nervine for the good it has done me and I know it will do for others."

Dr. Miles' Nervine is without question the best remedy for LaGrippe and its after-effects. LaGrippe affects the nerves direct. Dr. Miles' Nervine acts directly on the nerves. LaGrippe exhausts the vitality and destroys the nerve tissue, deadening the senses and weakening the entire system. Dr. Miles' Nervine builds up and replenishes the nerve tissues, restores vitality, strengthens the system and improves the mental faculties with new life, energy and vigor. LaGrippe, like a cold, attacks the weakest of the organs, for the reason that the nerves controlling that organ are weakened. Dr. Miles' Nervine strengthens the diseased and weakened organs.

Miss Cordelia Smith of Versailles, Ky., writes: "In 1890 I had several attacks of LaGrippe which left me prostrated with nervousness. The prostration was particularly severe and painful from the fact that I had suffered from a weak back and nervous attacks all my life. On the recommendation of our druggist, Messrs. E. D. Scroggin & Co., I used Dr. Miles' Nervine and it removed me to health, not only did I recover from LaGrippe, but from my life long troubles and I am now in better health than ever." Dr. Miles' Remedies are sold by all druggists under a positive guarantee that the first bottle will benefit or the money will be refunded.
